

MEET THE EXPERTS

WENDY BERRY
OWNER AND PRINCIPAL DESIGNER

CAN YOU HIGHLIGHT A STANDOUT PROJECT FROM YOUR CAREER? WHAT MADE IT MEMORABLE?

One of our most cherished projects to date is the Old Collier Golf Club. Our team was honored to be included on the refresh of such an iconic club located in Naples, Florida. We introduced an updated spin on traditional Palm Beach design with layers of pattern play, tropical elements and of course the signature pink and green color palette.

WHAT IS YOUR DESIGN PHILOSOPHY?

I believe in approachable luxury. There are things that are expensive and there are things that are costly. While many items may come with a high price tag, their value isn't always justified. Something with true value comes at a cost because it is well made and will last over time. It is those investment, high-quality pieces mixed with moderately priced items that make for an interesting design- one that feels eclectic and collected over time.
